Seven	Bridges Therapy: Adult Application (18 & over)				
*****	***************************************				
In orde	er to provide our therapists with a complete profile of your strengths and challenges, please				
check	any areas you feel apply:				
<u>Social</u>	<u>Learning:</u>				
Please	rate: G=Good F=Fair P=Poor				
	Conversation Eye Contact Greetings				
(Organization Team Work/Group Projects				
Are yo	u comfortable working with a group of 3-4 people without assistance?				
□Yes	□No				
<u>Social</u>	Communication/Cognitive Skills:				
	Avoids or is not interested in social interactions with peers, classmates, and/or co-workers.				
	to others when they talk to or greet me, and how to talk to authority figures vs. peers.				
	1 Has difficulty problem solving and generating effective solutions independently.				
	☐ Has trouble looking at people when talking or listening.				
	Has trouble understanding facial expressions, gestures, or body language.				
	Has difficulty understanding another's perspective (point of view).				
	Has difficulty initiating interactions or asking for help.				
	Interprets language more literally than others do / have difficulty understanding expressions,				
	such as "It's raining cats and dogs".				
	Does not tell enough background information for the listener to understand my story.				
	Tends to interrupt others when speaking.				
	Gets in frequent conflicts with peers.				
	Overreacts to various social situations.				
	Has anxiety in many situations.				
<u>Speak</u>	ing/Expressive Language:				
	Has trouble answering questions people ask / take longer to answer questions.				
	Has trouble asking questions.				
	Has trouble using a variety of vocabulary words when talking.				
	Has trouble expressing/organizing some thoughts.				

☐ Has trouble getting to the point when talking / give too many irrelevant details. ☐ Has trouble putting events in the right order when telling stories or talking about things that happened. ☐ Uses poor grammar when talking. ☐ Has trouble using complete sentences when talking. ☐ Has trouble expanding an answer or providing details when talking. ☐ Often blurts out answers before the question has been completed. ☐ Knows the word I want to say, but cannot think of it. ☐ Makes false starts and revisions when relating an experience (e.g., "we were... Bob and I went to the game."). Uses time fillers when trying to think of a word (e.g., um...er...um...computer). Auditory Processing/Listening/Receptive Language: □ Often needs directions repeated and/or has trouble following spoken directions. □ Needs extra time to respond to questions. □ Background noise makes following verbal instructions even more difficult. □ Says "huh" or "what" in response to questions. ☐ Has trouble remembering things people say. ☐ Has to ask people to repeat what they have said. ☐ Has trouble understanding the meaning of words. Attention: ☐ Has trouble sustaining attention in tasks or social activities in school, work, or at home. Often fails to give close attention to details or makes careless mistakes in schoolwork, work, or in other activities. Often loses things necessary for tasks and activities (e.g., school assignments, pencils, books, or tools). ☐ Leaves seat in the classroom, office, or in other situations in which remaining seated is expected. ☐ Easily distracted. ☐ Has difficulty waiting for turn. □ Daydreams or is inattentive/loses focus easily.

<u>Readi</u>	ng:
	Has trouble understanding what was read.
	Has trouble explaining what was read.
	Has trouble identifying the main idea.
	Has trouble remembering details.
	Has trouble following written directions.
Writing	a·
<u></u>	Has trouble writing down thoughts.
	Has poor grammar when writing.
	Has trouble writing complete sentences.
	Has trouble expanding an answer or providing details when writing.
	Has trouble putting words in the right order when writing sentences.
	Has trouble getting started on a writing assignment.
Execu	utive Functioning Skills
	Often does not learn from past experiences.
	Perseverative, has difficulty initiating or inhibiting a shift in behavior or thought.
	Has trouble previewing: foreseeing possible problems or conflicts.
	Has difficulty participating in family routines and responsibilities.
	Has difficulty maintaining composure during unstructured time.
	Has difficulty envisioning a goal or outcome.
	Has difficulty making and following a plan to achieve a desired outcome.
	Has difficulty overestimating/underestimating their abilities and skills.

Scheduling Availability

A great deal of time and consideration is put into pairing our group members with the appropriate group to match age, development, and therapeutic needs. We juggle multiple schedules in order to find an available time slot that works for all. Therefore, please allow us as much flexibility as you can in order to make this happen.

Indicate the times you are ava	ilable to participate in therapy by writing in the boxes provided.
